Office of the Executive Vice President & Provost

MEMORANDUM

11 March 2014

To: UNLV Campus Community

From: Carl L. Reiber
Vice Provost for Academic Affairs

Subject: Approval - Graduate Certificate in Hospitality Design

The Graduate Certificate in Hospitality Design has been approved.

Hospitality Design Leaders from Las Vegas based architecture firms (responsible for designing most of the resorts on the Las Vegas Strip and countless other national/international projects) are collaborating with UNLV School of Architecture to offer a graduate certificate in Hospitality Design/Entertainment Architecture. This certificate allows students to engage and learn from industry leaders and investigate the issues that shape this dynamic international design industry.

The Graduate Certificate in Hospitality Design is an intensive one-year course of study. To earn the certificate, students must engage in design/research under the guidance of faculty with diverse expertise and professionals with several years of experience, successfully defend their work before a panel of design critics, and demonstrate their ability to generate original material relevant to the profession and/or academia by completing a publishable work.

Effective: Spring 2014

Please note for lists, databases, and generation of appropriate codes, etc.
