June 7, 2016

To: UNLV Campus Community

From: Rainier Spencer
Vice Provost for Academic Affairs

Subject: Graduate Certificate in College Sport Leadership

The new certificate has been approved for implementation in Fall 2016.

This 15-credit certificate comprises core skills necessary for individuals interested in intercollegiate athletics/college sport leadership. The nature of the certificate allows students to blend course content with experiential learning though a supervised internship within a partnering intercollegiate athletic department. Through the courses and experiential based learning, students can tailor their program to meet their professional goals.

Current graduate students and administrative professionals who already possess an undergraduate degree and have an interest in intercollegiate athletics/college sport leadership specific to higher education may benefit from this certificate.

Effective: Fall 2016

This is the final approval.

Please note for lists, databases, and generation of appropriate codes, etc.
